It's that time again, we are getting ready to go on tour starting spring 2010. We will have the chance to present our new album "Day&Night" BHM records (CD release 3rd of september 2010) in more venues in europe. Of course, we will also have some of the songs from our last CD "Delicate Move" ZYX records.

April of 2007 the southgerman newspaper „Süddeutsche Zeitung“ wrote: „The Andy Winter Group“ a cooking and grooving sound- and stylecollage. The music changes from dreamy and beautiful chord progressions to bumping and stomping heavy beats. A champion league of musicians with international flair.“

November of 2007 the „Hildesheimer Zeitung“ wrote: „Not only in regard to the styles of music did these musicians represent a wide variety of Funk-, Jazz-, Lounge- und Drum´n Bass-Elements. With dynamics, tempis, rhythmic und articulations, the band impressed with complexity and made the concert an incredible event.“
